Re: Docket No. 2013-275-WS. Application of Carolina Water Service, Inc. for  
Adjustment of Rates and Charges. Interconnection of the Washington Heights Subdivision

Dear Ms. Boyd:

Carolina Water Service, Inc. (CWS) is pleased to inform the Public Service Commission of South Carolina that an interconnection for supplemental water serving the Washington Heights subdivision has been completed. CWS made the interconnection with the City of Columbia and now provides supplemental water, consistent pressure, and fire flow to the community. At previous hearings before the Commission, residents of the Washington Heights subdivision expressed their desire for working fire hydrants within their neighborhood, and fire hydrants are now in service. The connection will also allow CWS to better flush its service lines in Washington Heights and improve water quality.

Sincerely,
